Serial No. 18

From

The President Dist Bd Shimoga

Letter no c 338/L.B.27-28 dated 11. 6. 28

forwarding with his recommendation for sanction the resolution of the Dist Bd to open a toll-gate near Patagappa on Kallurkatte-Sagar Dist Fund road at a place to be selected by the President.

The Dy C. States that he ascertained the possibility of opening the toll-gate above mentioned and that there is no toll-gate within a radius of 14½ of miles. The income that is expected from the toll-gate is Rs 1000/-; and it is also stated that the major portion of the income comes from the cartmen from South Canara.

The President proposes to open the above gate from the 1st July 1928.

The exact place at which the toll-gate is to be posted has to be decided by the President.

The resolution of the Dist ~~[illegible]~~ ~~sanctioned if approved~~ is in Consideration.

~~Submitted with a draft for kind approval~~

By 29/6/28. Chief Engineer may perhaps be consulted also. Mysore.

23/6 It may not be possible to open the 1st gate from 1st July as there is only a short interval from now.

Respectfully submitted for orders. 28/6

No.C.338/L.B.27-28

Office of the ~~President~~, District Board
Shimoga District,
Shimoga, Dated the 9th June 1928.

From

B.T. Kesavaiengar, Esq., B.A.,
President, District Board,
Shimoga District.

To

R. Ranga Rao, Esq., B.A., B.L.,
General Secretary to Government,
Bangalore.

Sir,

I have the honour to state that during my tour in Nagar Taluk, it was ascertained that there was every possibility of opening a toll gate near Pataguppa on Kallurkatte-Sagar District Fund Road. The Amildar was instructed to submit a report afte investigation as to its desirability. His report on the subje subject received with memo No.R.C.1869/27-28 dated 30th April 1928 from the Sub Division Officer Sagar was placed before the District Board at their meeting held on 15th instant for consideration.

Pataguppa is about 7¼ miles off Kallurkatte and 14 miles fr from Sagar. From the enclosed sketch, it is seen that there are no toll gates within a radius of 14½ miles from Pataguppa. The annual income is expected to be about Rs 1,000/- a major portion of which comes from South Canara-Cartmen.

Agreeing with the recommendation of the Sub Division Officer and the Amildar, it was resolved by the District Board that a toll gate might be established at Pataguppa at a place

to

to be selected by the President.

A copy of the resolution passed by the Board together with the detailed report of the Amildar on the Subject is enclosed herein for information.

I request that you will be so kind as to obtain early sanction of Government to the recommendation made by the Board so that action may be taken to establish the toll gate from 1st July 1928.

I have the honour to be,

Sir,

Your most obedient servant,

Shubarao

For President,

ak. District Board, Shimoga.

Memo

Subject :- Opening of a new Toll gate at Pattuguppa on the Kallurkatte Sagar Road.

Facts of the case :- Pattuguppa, a hamlet of Virabhadrapur village, Kasba Hobli, is situated in mile 4/1/4 on the K. Katte - Sagar Road. The distance from Kallurkatte is 7/4 miles and from Sagar is 14 miles. K. Katte - Sagar Road is a District Fund road having a small mileage allotment of Rs 50/- per mile for annual maintenance. For a distance of about 2 miles, the soil through which the road is laid out is so loose that it is rendered very slushy during the rainy season and in consequence all cart-traffic comes to a stoppage for about 2 to 3 months in a year, as the wheels get clogged in the mud. The coating of the road is from ordinary gravel available in the locality and hence the slushy mire is unavoidable. The traffic on this road is very considerable and offers bright

hopes for further increase but the want of a good laterite or metal road is in its way.

Sagar Shandy which is rising in importance holds out hopeful promise of increase of traffic on this road. The bulk of the traffic is in the hands of carters from the South-Canara District. In view of the intense traffic on this road, it is very desirable that the length of the road up to Honnahalli should ~~be shorter~~ admit of traffic throughout the year and this object can only be gained by converting the gravel road into a laterite road. The additional funds required for this purpose can be found by opening a toll gate at Pattugeppa near the bridge.

I beg to note on the margin statistics relating to cart traffic on this road for one fortnight ending 15th April 1928. As the monsoon is drawing nearer, the traffic

—: For the fortnight ending 15th April 1928 :—

(i)	Nos of carts which passed from K. Katte to Sagar	181
(ii)	— do — from Sagar side to Kallurkatte	179
	Total	360
(iii)	Probable Nos of empty carts	100
(iv)	Toll at 0/2/ per cart	12-8-

No. of empty laden carts	260
Amount of Toll at 1/- on each cart	65——
Total Amount of Toll on cart-traffic for one fortnight	77-8—
Total amount for 8 months in the year	77-8-0×2×8 = 1240/-
Probable amount composite fee on Bus traffic	200/-
Probable amount of Toll on animals (No-buffaloes)	20/-
Gross amount for 8 months	1440/-
Expenditure & Profit of Contractor etc computed liberally	440/-
Probable net revenue for 8 months only until the accomplishment of the road improvement	1000/-

has declined. In this condition the state of traffic is as noted on the margin. It will be observed therefrom that there is the possibility of deriving a fairly large sum with which a laterite road for the entire length can be well maintained. The toll gate station is recommended to be located between the Pattiguppa bridge and the Sirikalaramanna Swami temple & Mahewara and the situation is so safe that there can possibly be no fear of carts taking any other way to avoid payment of toll.

3. I beg to submit herewith a sketch marking therein the distances between the several toll gates in this Taluk. It will be observed from the sketch that the distance between any of the toll gates and the one under reference is more than 10 miles. With the grant of the usual concession

to owners of carts ~~of~~ in the village of Pallikuppa, the payment of toll by other carters cannot be said to be a hardship or harassment, as the major portion of the toll will be levied from S. Canara carters.

The people of this Taluk can be sure of Bus traffic throughout the year and this facility outweighs any slight feeling of hardship.

In the interests of the betterment of this portion of the District Road and the consequent ensuring of cart-traffic all the year round on this important road, I beg to submit for a favourable consideration a question of opening a Toll gate at Pallikuppa.
